CONVENTION & EXPOSITION VENUE GUIDE 2016 EDITION

SMG
Dear Industry Colleagues,

Welcome to SMG’s 2016 venue guide. Hopefully this past year has shown growth for your organization just as it has for ours. This past year, we hit 75 total convention and exhibition venues with over 15 million square feet of prime exhibit space. What’s more, we serve multiple venues in all market types. Whether you need mega-centers in first tier cities, or a selection of affordable drive markets or resort and off-shore destinations, SMG has a broad spectrum of venues and cities in our portfolio.

We continue to support our industry partner organizations, with an evergreen presence at IAEE, IMEX, NACS, SISO and numerous others. We hope that you will seek us out at our SMGworld Pavilions where you can easily discuss new launches or future year rotations with our sales executives that can easily connect you through our electronic lead distribution system called “SITEPAS”. This program is aimed at helping you secure rates, dates and space at any or all of our facilities within a matter of days, if not hours. So many of your colleagues have found this to be their best vehicle for venue shopping. Where appropriate, we will immediately engage our destination marketing partners to ensure that all aspects of your destination experience are handled seamlessly.

As always, please consider this your open invitation to call me personally if I can help you advance your organization’s interests with the SMG Network of first class venues. By the same token, each of our 200 sales executives is available equally on a property level, or as an extension of our national sales efforts.

I look forward to working with you, and to seeing you at a future industry function in the near future!

With best regards,

Gregg Caren
Executive Vice President
